

# PRO MAX

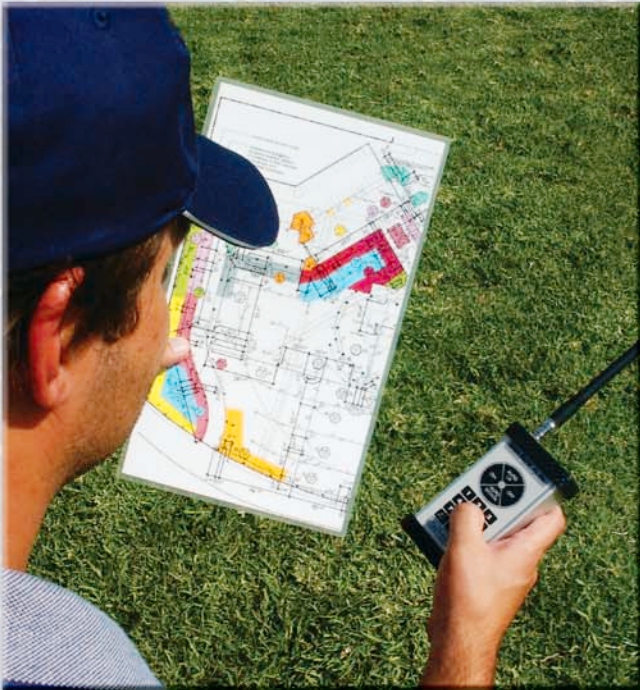

**The Professional Contractor's Best Friend!**

**The Pro Max hand held remote makes troubleshooting  
a one man, one remote operation. Save time and  
money, put Pro Max to work for you today!**

## Simplicity

- The easiest remote to use in the industry.
- Dedicated feature keys allow most functions to be performed with a single key operation.
- Auto-up/down and direct access operation.

## Versatility

- Pro Max-UA can be used with any manufacturers' 24-volt controller.
- Independent control of master valve and/or pump.
- Single or multi-station on/off capability for testing system hydraulics.
- Timed station operation selectable from 1 to 60 minutes.
- Control up to 999 individual controllers from a single transmitter with the optional internal Permanent Mount Receiver (PMR).
- Turn a program on or off (when used with RME Sentar II, RME Eagle or Evolution DX2 controllers).

**Rain Master is a technology-based, innovative, environmentally sensitive company dedicated to providing water management solutions to the irrigation industry.**

## Intelligence/Protection

- Detects (provides an audible alert) and protects against field wiring short circuits.
- No more popped circuit breakers or blown fuses during installation checkout.
- Receiver has built-in safety default to automatically turn station off after 60 minutes.
- Audible transmit and receiver tones verify proper Pro Max operation at all times.
- Transmitter has a single field replaceable lithium battery, which means no charging required.
- Audible low battery alert. One battery will last a season under normal conditions.

## Durability/Reliability

- Tough, rugged all metal construction with shock-absorbing bumpers.
- Water and mud resistant; take it to the trenches with you.
- Will not chip, peel or rust.
- Fits in shirt or pants pocket or use convenient belt clip.
- Comes with a hard cover case for carefree transportation.
- Rain Master is the only manufacturer which utilizes three mechanisms to ensure interference-free communications:
  - Digital filtering
  - Factory set receiver access codes
  - VHF FM communication

## Affordability

Check out the price/performance of the Pro Max series remote.

**You can't afford to be without it!**
