

Direct Burial

Landscape Lighting Cables

150 volt 75° C

Product Number	Number of Conductors	AWG Size	Stranding	Insulation Wall	Diameter	WT M/FT
1316-2	2	16	26	.045	.160 x .320	36
1314-2	2	14	41	.045	.175 x .360	54
1312-2	2	12	65	.045	.190 x .380	74
1310-2	2	10	105	.045	.215 x .420	105
1308-2	2	8	168	.060	.270 x .560	165

Application

For all landscape and architectural lighting applications on 12 volt or 120 volt systems.

Temperature

-40° C to +75° C

Voltage

150 volts

Construction

Extra flexible stranded annealed copper, sunlight resistant PVC with stabilizers to resist corrosion from fertilizers, acids and insecticides.

Put Up

100 ft., 250 ft., 500 ft., 1000 ft., and 2500 ft. spools

Colors Available

Stock color - Black
Other colors available on a minimum production run basis.

Environmental Exposure Test

Cables pass fertilizer cycling and herbicide cycling exposure to ultraviolet light and water spray for 360 hours.
